Minden Town Board Minutes September 7, 2016 Page 2 of 5

Board comments included feeling that any master plan changes should be based on specific plans for new developments and transportation elements that would relieve traffic on Highway 395. The Board committed to getting ideas and comments back to the Town manager, and asked for the results of the Minden strategic planning session to be incorporated into Town input to be given to Ms. Stowell. Public comment:

A member of the public stressed the importance of maintaining the existing character of the community, and expressed concerns about transportation issues, hoping to have the foresight to plan for a real bypass.

Following thoughtful and intelligent deliberation Bernard/Stangle moved to continue this item subject to the individual Board members providing comments to the Town Manager for consolidation and presentation and possible action in conjunction with the next strategic planning session. Motion carried unanimously.

- 3. For possible action: Discussion and possible action to provide direction to Town Staff regarding a presentation by Town Staff of the status of the Park Heritage Ranch Supplemental Irrigation Wells and a series of temporary applications, (Application Numbers 86380T, 86381T, 86382T, 86383T, 86384T, 86385T, 86386T, 86387T) by Park Ranch Holdings, LLC, A Nevada Limited Liability Company for permission to change points of diversion and places of use of waters of the State of Nevada heretofore appropriated. Possible action may include direction to Town Staff to advise the State Engineer of the potential impact of these applications on Minden municipal wells and formally request that the temporary applications be approved, approved with conditions postponed or denied. Appearance by Bruce Scott, Principal Engineer Resource Concepts Incorporated and consultant on behalf of the Town of Minden.

Mr. Bernard noted he could not participate as he had commitments in a private capacity to Mr. Anderson and Mr. Park.

Mr. Scott gave the background on the Park Ranch wells and the concern on potential impact on Town wells associated with the use of those irrigation wells. He noted that the permits applied for have water rights going into those wells with priority dates before our Town wells. The permanent permit applications go through the public process and the Town has opportunity for input including protest.

Rob Anderson responded to Board questioning concerning pumping by Park without permission. He noted that they indeed had no valid permits when they pumped later in the summer; they had intended to file permits for use again. Mr. Anderson took the blame for overlooking this. He gave the background of the Park Ranch and this request. Supplemental irrigation permit rights are used only if they are out of priority rights or they did not receive a full duty of surface water rights; this is allowed only during irrigation season. Mr. Anderson said the water will not come from one well alone; the purpose of the application is to move the water rights around and best utilize them. He requested that the Town not file action to interfere with state approval and the Board direct Town staff to work with them towards agreement to make sure both the Town and the Parks' needs are met.

Minden Town Board Minutes September 7, 2016 Page 3 of 5

Board discussion included concern over pumping with expired permits, how it could have been overlooked, request for diligence on notifying the Town as a good neighbor, and advising the state engineer of our intention to work with the Parks.

Public comment: None

Mr. Park said that he looks forward to working with the Town to alleviate any concerns. Following thoughtful and intelligent deliberation, Souligny/Stangle moved to recommend that we advise the state engineer that staff has been directed to work out the logistics of a potential agreement between

the state engineer that staff has been directed to work out the logistics of a potential agreement between the Town and the Parks as to future water use, and to recommend approval of the temporary permits to the state engineer with the conditions that there is no pumping without future permits and no pumping in excess of the permit allowances. Motion carried unanimously.

4. For possible action: Discussion and possible action to recommend to Douglas County approval, approval with conditions, continuance or denial of Development Applications DA 16-038 and DA 16-039 containing requests by Park Ranch Holdings, LLC for amendments to the Douglas County Master Plan reflecting: removal of receiving area for the TRE Holbrook Junction Community Plan parcels with replacement master plan designations consistent with the current zoning of the parcels; amend the master plan zoning for the Town

/Gardnerville Community Plan parcels; extend the community plan and urban service area boundaries, and realign Muller Parkway. The subject property in the application is comprised as follows: Twenty-five (25) parcels totaling 1,104 acres located east of US Highway 395 bounded by The Ranch at Gardnerville and Chichester Estates to the south, the Virginia Ditch to the east; Stockyard Road to the north; and Heybourne Road, Monterra Phase 2 (pending) and The Ranch at Gardnerville (pending) to the west. The project area is within the South, Central and North Agriculture Community Plan Area with existing land use designations of Agriculture, Industrial, Receiving Area, and Rural Residential. Appearance by Rob Anderson and Keith Ruben, RO Anderson Engineering.

Mr. Bernard noted he could not participate as he had commitments in a private capacity to Mr. Anderson and Mr. Park.

Mr. Ruben gave a presentation showing the existing land use, existing zoning, proposed land use and proposed zoning as well as giving comments regarding Muller Lane.

Board discussion included the magnitude of this decision as it would double the size of the town, the short notice for review, concerns on traffic flow especially at Buckeye, Muller Lane presently being approved as a non-truck route, and the need to see more detail. There was particular concern about who would pay for needed infrastructure, and concern that the Master Plan requirements were not being met in to considering changing the land use. They noted their obligation to current residents to preserve the existing character of the County/Gardnerville community and maintain the quality of life.

Public comment:

Various members of the public echoed the Board's concerns. They also noted that we have a large number of approved lots not yet built on and believed that this development is not warranted, expressed concern over water issues and water rights as well as drainage and flooding concerns, and urged the board to deny the application as this would change forever the character of the community. Following thoughtful and intelligent deliberation Stangle/Souligny moved to moved to recommend denial of the Master Plan amendments and the zoning changes in DA 16-038 and DA-16039, and if the Planning Commission and/or the County Commissioners approve this application it be conditioned as follows:

1) Proposed possible development of this size and scope should require an in depth deliberate analysis and interactive approach between the developer, the Towns and the County to design, plan and mitigate the financial impacts of critical/long-term elements including traffic, drainage, utilities, maintenance and development amenities.

Minden Town Board Minutes September 7, 2016 Page 4 of 5

- 2) A future Specific Plan/Community Design should comply with the respective Plans for Prosperity and design guidelines of each Town.
- 3) Any obligation to serve any portion of the project is subject to future development meeting all requirements established by the Town of Minden at that time and may be limited by the Town's ability to serve based on existing commitments and the developer dedicating the necessary public improvements to serve the project to a standard acceptable by the Town.

October 5, 2016, Minden Town Board Agenda Consent Agenda, Item Number 2

DATE: September 29, 2016

PREPARED BY: Rachel Hamer, Secretary

<u>SUBJECT</u>: Approval of a request by Minden Fest Event Promoters for the Town of Minden to sponsor the Esmeralda Avenue Farmer's Markets Tuesday evenings from May 16th through September 26th, 2017. Town approval will include closure of Esmeralda between Fourth Street and Fifth Street and Fifth Street between Esmeralda Avenue and Mono from 2:00 pm until 8:30 pm.

PREVIOUS ACTION:

• Various approvals for Farmer's Markets since 2007. In July 2015 the street closure was extended to include Fifth Street between Esmeralda Avenue and Mono Avenue to accommodate the growing popularity of the market and the number of vendors.

<u>BACKGROUND</u>: Event promoters, Minden Fest, host Farmer's Markets Tuesday evenings from May through September. Minden Fest closes the streets at 2 p.m., the Market officially opens for business around 4 p.m., and the Market closes between 7 and 8 p.m., depending on the customers. The 2017 Farmer's Market will run from May 16th through September 26th.

The Town provides barricades and general support. Minden Fest places and removes the barricades. Again, this year Town Staff will work with Minden Fest to comply with the requirements of a formal traffic control plan.

<u>FISCAL IMPACT:</u> For each occurrence, the Town will absorb minimal labor costs (staff support occurs during normal working hours; including emptying the dumpster and making sure the barricades are available) and will waive fees valued at \$500.00 per day (\$11,500 total) street closure fee and \$17.60 for emptying a dumpster (\$425.50 total), per event.

October 5, 2016, Minden Town Board Administrative Agenda, Item Number 2

DATE: September 28, 2016

PREPARED BY: Jenifer Davidson, Town Manager

<u>SUBJECT:</u> <u>For possible action:</u> Discussion and possible action to provide direction to Town Staff regarding the possible creation of special program to pay tribute to, memorialize or thank members of the community through contributions to streetscape, landscaping and other design elements in and around Minden. Appearance by Jenifer Davidson, Town Manager. **Public comment.**

PREVIOUS ACTION:

None for this item.

<u>BACKGROUND</u>: The Town of Minden does not currently have a formal program or policy regarding requests to pay tribute to, memorialize or thank members of the community in Minden. Over time various donations in memory have been dedicated and installed around Town. The most well-known informal program was created by an owner of a business in Minden where residents could purchase and inscribe bricks that were added to the landscaping dedicated for this purpose in Statue Park.

The Town of Gardnerville, through Main Street Gardnerville, created a special program to sponsor and dedicated benches in their downtown for this purpose. The details of the program are attached for reference.

At this time, Town Staff have been contacted by at least one individual wishing to dedicate something in memory of a loved one with special ties to Minden. Over the years previous requests outside of the Statue Park and those memorials previously accepted for dedication, have been denied. Town Staff are now seeking direction from the Board on whether or not it is the desire of the Board to create a policy/procedure for this purpose and what, if any, conditions should be placed on this type of program.

<u>STAFF RECOMMENDATION:</u> Staff recommends the Board provide direction to Town Staff regarding the possible creation of special program to pay tribute to, memorialize or thank members of the community through contributions to streetscape, landscaping and other design elements in and around Minden.

Own a Piece of Downtown!

The Main Street Program has been installing decorative four-foot metal benches downtown, with the help of the Town of Gardnerville. These benches accommodate and encourage pedestrians along the main street corridor.

Thanks to several sponsorships, MSG already has 15 benches placed throughout the downtown district.

Adding benches to our Main Street District adds character and encourages pedestrian traffic. It is hoped that the benches will eventually stretch the length of Main Street.

Each bench was sponsored for different reasons: as a memorial, as a tribute to a special person, as a gift to the community or as a thank you. Benches can

business or an individual or family.

Each bench will have a brass plaque affixed to it, such as the ones pictured, honoring your service club, business or individual/family. Wording will be customized according to your wishes, with Main Street Gardnerville approval. After the bench is in place, a dedication will be held at the site for your invited family and friends.

A number of locations are available along our Main Street. The one time cost of \$1,995 is to be paid by sponsor which will include bench, plaque, shipping and installation.

For more information, please contact Main Street Gardnerville at 775.782.8027 or Info@MainStreetGardnerville.org

Main Street Gardnerville is a 501c6 nonprofit corporation. Your sponsorship may be deductible as a business expense; contact your tax professional.

Main Street Gardnerville is an equal opportunity provider and employer.

<u>SUBJECT:</u> For possible action: Discussion and possible action to approve, approve with conditions, continue or deny a request by Town administrative staff to create one full-time, 40 hour per week, Office Specialist position and eliminate one part-time Office Assistant position. Appearance by Jenifer Davidson, Town Manager. **Public comment.**

PREVIOUS ACTION:

• <u>April 4, 2012, Board Meeting:</u> Board approved a request to create one additional part time (38 hours per pay period) Office Assistant position effective July 1, 2012.

<u>BACKGROUND</u>: The Town currently has two part time office assistant positions. Since 2010 the Town has filled five office assistant vacancies. Three of the five vacancies, including the current opening, were created when individuals sought employment with other organizations at higher pay rates (\$17 per hour or more) with benefits. On average it takes 3-4 months to fill a vacancy because of background checks and 3-6 months to fully train a part time administrative team member. During this time the administrative team is not operating at maximum capacity or efficiency.

In addition to the existing evolving and increasing workload of the department, the Town Administrative Team is looking to redefine and expand the administrative services to better attend to the needs of Minden residents and customers. This list of expanded duties and responsibilities identified by the Team would create cost savings opportunities and in some instances generate new service based revenue for the Town.

<u>FISCAL IMPACT</u>: If approved the total estimated cost of the position would be \$60,021(salary plus benefits). The current cost of the part time Office Assistant is \$15,502. Staff anticipates the difference of \$44,519 would be paid from the following cost saving and revenue creation measures:

Change in CVIC Hall rental rates \$10,000 (new revenue)
Eliminate Contract Management of Website \$5,000 (savings)
In house records management and archiving \$15,000 (savings)

In house plan and application review and processing \$15,000 (new revenue)

<u>STAFF RECOMMENDATION:</u> Staff recommends the Board approve a request by Town administrative staff to create one full-time, 40 hour per week, Office Specialist position and eliminate one part-time Office Assistant position.
